Un concentrato di protezione e massima resistenza dei materiali per i lavoratori che ogni giorno operano in ambienti esterni, in condizioni di scarsa luce ed esposti agli agenti atmosferici.

Idrorepellenza, alta visibilità, resistenza al vento e al freddo, sono alcuni dei benefit che caratterizzano capi e calzature appartenenti a questo mondo.

Une protection supérieure et une résistance maximale des matériaux pour les travailleurs qui chaque jour opèrent en extérieur et sont exposés aux conditions climatiques, dans des conditions de faible luminosité.

Capacité hydrofuge, haute visibilité, résistance au vent et au froid : voici quelques avantages qui caractérisent les vêtements et les chaussures de cet univers.

Un concentrado de protección y máxima resistencia de materiales para los trabajadores que trabajan todos los días al aire libre, en condiciones de poca luz y expuestos a la intemperie.

Repelencia al agua, alta visibilidad, resistencia al viento y al frío son algunos de los beneficios que caracterizan a las prendas y zapatos de esta línea.

The ultimate in protection with extremely robust materials, for workers who spend every day outdoors, in low light and exposed to the elements.

Water-repellency, high visibility, protection from the wind and cold - these are just some of the benefits that characterise the shoes and clothing which belong to this world.
